Share the love this Valentine's Day and every day!

As part of our efforts to reinforce our organizational values of Students First, Collaboration, Innovation, and Service, we've created recognition pads for staff to appreciate the contributions of a team member. These **LOVE** (Living Our Values Everyday) recognition pads are currently being distributed to all sites.

When a staff member observes someone exhibiting any of our organizational values, they should complete a LOVE form and share it with that individual. We hope that recipients of a LOVE note will proudly display it.

We appreciate the work each and every one of you do to live our values at work to ensure all students have a high quality education in Santa Clara County.

Book drive to build a library

Bring your new and gently used elementary-age books to the Learning Multimedia Center at the Ridder Park Office from now through February 16 and help the Girl Scouts of Northern California build a library for the Third Street Community Center in downtown San Jose.

This center serves and tutors elementary age kids from Spanish-speaking-only families, and bilingual books are much appreciated.
