Re: Unemployment Contribution Tax Rate for 2013-14

We have received advanced notice from the Employment Development Department (EDD), School Employees Fund (SEF) that the Unemployment Insurance Contribution Tax Rate for 2013/2014 will be significantly reduced from 1.10% to .05%. The higher rates paid in the last 2 years and the reduction in claims filed by school employees has resulted in the reduction of the rate. We last had a rate of .05% in 2007/08.

Please distribute this memo within your District as deemed appropriate.
