Re: Draft Attendance Report Data Entry Screens

The California Department of Education (CDE) "Principal Apportionment Data Collection Software" is not yet available for download. Soon after its release, work will begin on modifying the Santa Clara County Office of Education online attendance system, *Managing Information of Revenue and Attendance Data (MIRADA)*. Based on our initial review of the draft attendance data entry screens (attached), **MIRADA will not be ready by P2.**

MIRADA's Non-Public School data entry screen (for districts) will be preserved and the calculation will be modified to calculate Average Daily Attendance (ADA) based on grade span (previously reported under A-10, A-11, A-15, and A-16 by elementary and high school. Now reported in A-3 and A-4 by grade span). MIRADA's Special Day Class data entry screen (for districts) will be modified to breakdown elementary ADA by grade span (high school is currently collected & calculated correctly). Districts will need to re-enter elementary Special Day Class data when the data entry screen is modified (previously reported under A-14 by elementary and high school. Now reported in A-2 by grade span). In the meantime, districts and charters will have to resort to manual ADA calculations for much of the P2 and Annual reports. I am available to assist with any questions regarding ADA calculation and will work on Microsoft Excel calculators to aid attendance staff this fiscal year.

Our goal is to be ready for the 2014-15 school year, however, this will depend on any further CDE software modifications between now and next school year. If you have any questions contact me at (408) 453-6594.

Please share this information as deemed appropriate.

GENERAL

- Changed the name of the data collection software to Principal Apportionment Data Collection Software. Removed reference to attendance and revenue.
- Menu selections will look a little different. All entry screens for an LEA will be available once LEA type is selected from drop down.
- The “Help file” has been re-written and will not be embedded within the software application. Software will include a link to CDE’s Web site where the file is posted in a Word document format. Document will include instructions on how to report data.
- If applicable, updated, deleted, and added new edit checks for the above entry screens.
- Revised, updated, and added new certification reports for all non-tax entry screens.

GENERAL

- Changed the name of the data collection software to Principal Apportionment Data Collection Software. Reference to attendance and revenue removed.
- Menu selections will look a little different. All entry screens for an LEA will be available once LEA type is selected from drop down.
- The “Help file” has been re-written and will not be embedded within the software application. Software will include a link to CDE’s Web site where the file is posted in a Word document format. Document will include instructions on how to report data.
- Edit checks mostly the same, except for single vs. multitrack.
- Revised, updated, and added new certification reports for all non-tax entry screens.

- ADA still by grade span for charters, but displayed in grid format rather than linear.
- This screen replaces the 4 block grant screens- EHS, Unified, COE and SBC.
- There is no more resident/nonresident for charters in unified districts because SB 319 (EC 47660) offset went away.
- Some of the lines are condensed, consistent with the district exhibits.
- Included TK in the title of the K-3 column to add clarity that TK ADA should be reported with all other kindergarten ADA.
