Re: Transfer to Special Education Resource 6500 via Object 8091

The purpose of this bulletin is to inform you that the California Department of Education (CDE) will close the combination of Resource 6500 with Object 8091 effective 2013–14. All transfers of unrestricted revenue to Resource 6500 should be recorded using Object 8980, Contributions of Unrestricted Resources. The CDE has determined that this “revenue limit” transfer to Special Education was used prior to the implementation of Assembly Bill 602 funding model. No part of the Local Control Funding Formula (LCFF) calculation is tied to amounts that should be transferred for Special Education.

Historically, DBAS provided this calculation to districts in order to record the transfer. Since this combination is no longer valid, DBAS will no longer continue this practice.
