RFP 11_25_26 – WALDEN WEST MATERIALS TESTING AND SPECIAL INSPECTIONS

FOR

THE SANTA CLARA COUNTY OFFICE OF EDUCATION

This Addendum is hereby made into part of the bid documents for the above-referenced project and serves to modify the original project specifications as outlined below. Please acknowledge receipt of this Addendum in your proposal. Failure to do so may result in disqualification of your response.

1. Responses to Questions received

Questions	Responses
<p>Section 5 item #6 – Differences in inspection location shall not affect billing structure.</p> <p>a. MatriScope typically assumes the need for any offsite inspections is within 50 miles of the site or our offices. What if off site location requires extensive travel? Has a steel fabricator location been identified?</p>	<p>At this time, SCCOE has not identified any offsite fabrication or inspection locations. The intent of this provision is to maintain a consistent billing structure regardless of inspection location. Proposers shall include anticipated travel considerations within their submitted rates.</p>
<p>Section 5 items #11 - Re-inspection or retesting resulting from non-conforming work shall not be billed to SCCOE</p> <p>a. If this box is not checked, does that affect our eligibility for award? Typically, any re-inspection due to non-conforming work would need to be paid.</p>	<p>SCCOE acknowledges the clarification request regarding re-inspection and retesting associated with contractor non-conforming work.</p> <p>Attachment A – Fee & Rate Proposal Form is hereby revised to remove the following acknowledgment requirement: “Retesting due to non-conforming work will not be billed to SCCOE.”</p>
<p>Section 2.2 Staffing Commitment</p> <p>a. Please confirm if there is a separate staffing commitment form PDF.</p>	<p>There is no separate Staffing Commitment Form included with the RFP. Proposers may satisfy this requirement within their proposal narrative or by providing a simple standalone letter addressing the items identified in Section 2.2.</p>
